

Drawdown - Options for Reducing Greenhouse Gases

When and Where: Mondays in March (5, 12, 19, 26), 4:30 at the Washburn Library

Drawdown Discussion; A series of discussions on real solutions to climate change, based on the Book Drawdown by Paul Hawkin. Four weekly discussions covering Food, Energy, Transport and Buildings will be held at 4:30 PM every Monday in March at the Washburn Library. See the website at; <http://www.drawdown.org/solutions/> , for information on each topic and solutions.

Program:

March 5 - Food

Discussion leader: Bruce Moore

Solutions:

- Plant-rich Diet
- Reduced Food Waste
- Regenerative Agriculture
- Composting

March 12 - Energy Generation

Discussion Leader: Bill Bailey

Solutions:

- Solar Photovoltaics
- Energy Storage
- Biomass
- Geothermal

March 19 - Buildings and Cities

Discussion Leader: Robert Schlack

Solutions:

- Net-zero Buildings
- LED Lighting
- Heat Pumps and Smart Thermostats
- Insulation

March 26 - Transportation

Discussion Leader: Roger Aiken

Solutions:

- Bike Infrastructure
- Electric Vehicles
- Ridesharing
- Walkable Cities
