

# Renewable Energy Workshop Series

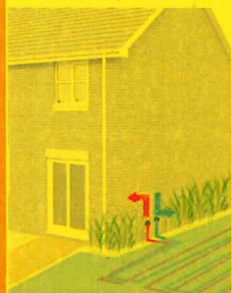

For Homeowners, Business, and Government

## Geothermal Energy

March 22, 2018 ~ 6:30—8:00 pm

Northern Great Lakes Visitor Center

Presenters: Tony Redinger and Matt Lehto, Blakeman Plumbing and Heating

Using the latent heat in the ground is a simple way to reduce heating and cooling costs. Our speakers will provide the latest information on this technology and help you determine if geothermal is an option for your home, business, or government building.
